

The Berlin is a uniquely shaped portrait mirror with a stylish black trim.

The Tunable function enables users to choose the most suitable colour temperature for their décor or individual preference, warm white, natural white or cool white. It can also be dimmed to create the desired ambience. The mirror stays fog free due to the built-in demister pad, which switches off automatically.

The mirror also has an IP44 rating making it suitable for use in a bathroom environment.

-  400mm(w) x 800mm(h)
