The Nara Pebble LED Mirror features a diffused illuminated back-lit border to all edges of the mirror, which provides a uniform light output with no dark spots.

This mirror can be positioned portrait or landscape to suit.

The Tunable function enables users to choose the most suitable colour temperature for their décor or individual preference, warm white, natural white or cool white.

The mirror stays fog free due to the built-in demister pad, which switches off automatically. The mirror also has an IP44 rating making it suitable for use in a bathroom environment.
