

HAMILTON TUNABLE LED MIRROR WITH BLUETOOTH SPEAKER & DEMISTER 800MM X 600MM

The Hamilton LED Mirror features built in dual channel Bluetooth Speakers, which enable users to stream from connected devices, such as smartphones or tablets.

It also features a diffused illuminated border, which provides a uniform light output with no dark spots.

The Tunable function enables users to choose the most suitable colour temperature for their décor or individual preference; warm white, natural white or cool white. It can also be dimmed to create the desired ambience.

The mirror stays fog free due to the built-in demister pad, which switches off automatically after 30 minutes. The mirror also has an IP44 rating making it suitable for use in a bathroom environment.
