

The new high output COB LED strip features LED points within close proximity to each other, creating a uniform light output with no spotting, perfect for illuminating handle-less kitchen designs. The strip has a depth of only 1.7mm, so is ideal for situating underneath a worktop, and is suitable for installation on all coloured handle-less profiles without the need for an aluminium extrusion. This LED strip also comes with VHB (Very High Bond) tape.

5M LED COB Reel (25mm Cut Points)
Warm White/Natural White

SY9001WW or NW

(Reel includes 2m distribution cable at both ends)

1.5m reconnection cable (SY9002)
