IMPORTANT—Please read prior to installation

- 1) Please read these instructions carefully before commencing any work
- 2) This product must be installed by a qualified electrician in accordance with the current IEE wiring regulations
- 3) To prevent electrocution switch the power off at the mains supply before installing or maintaining this fitting
- 4) Ensure others cannot restore the electrical supply without your knowledge
- 5) The PSU must be rated 12VDC and be compatible with the pre-wired connector system of this product
- 6) Never exceed the wattage stated

DIAGRAMS

OVERVIEW

- The fitting is based upon the standard Sirius cabinet light, however within the fitting there are warm and cool white LED's
- When used in conjunction with the 4 zone tunable receiver and remote control the colour temperature can be changed from warm—natural—cool white and vice versa
- When purchasing you will need the lights, tunable receiver (which includes the 3 way distribution block), remote control and a 12Vdc power converter
- The tunable receiver is Wi-Fi compatible which enables control from a smart device free app

INSTALLATION

- 1) Ensure 240V supply is isolated prior to installation
- 2) Plug the receiver (SY7699B) into the distribution block on the power converter
- 3) Plug the lights into the 3 way distribution block on the receiver
- 4) Address the receiver to the remote control (see the separate instructions supplied with the receiver/remote)

For any support please contact our technical helpline on 0113 2866686

CARE IN USE

- 1) Please note this fitting has non replaceable parts
- 2) Always switch off or disconnect from the mains when cleaning the product.
- 3) We recommend cleaning with a soft dry cloth. Do not use scourers, abrasives or chemical cleaners.

This product contains a light source of energy efficiency class F
