Skylar

Smart-Tech Tunable LED Mirror

New to the UK!

Skylar

Smart-Tech Tunable LED Mirror

SY9109

The Skylar smart mirror is a truly modern mirror, with built in smart features. The High Definition display enables users to watch videos and browse apps, as well as listen to music through its built in speakers.

The Tunable function enables users to choose the most suitable colour temperature for their décor or individual preference, warm white, natural white or cool white. It can also be dimmed to create the desired ambience.

Android 11 OS & OTA
