

The Apollo mirror cabinet features a whole host of features, including built-in Bluetooth Speakers, a shaver socket, a USB Charging port, and a wireless charger.

The cabinet is tunable white, enabling users to change the colour of the LED from warm, natural or cool white, and can also be dimmed.

Internally, the Apollo has three shelves, with the bottom shelf housing the wireless charger. Mirrored panels are located on the inside of the door, as well as either side of the mirror externally.

The mirror has an IP44 rating making it suitable for use in a bathroom environment.
