

Port Cuisine, the vertically or horizontally retractable power strip with three 60° sockets, is the perfect upgrade for kitchens of the highest standards. The high quality aluminium housing can be raised with the press of a finger and lowered, flush with the work surface, even while in use. The see-saw cover allows room for the cables and all the plugs are accessible—but not getting in the way. This model is available with silver top, or stainless steel, but various finishes and colour options are available for special order. Please contact the sales team with your requirements.
