

This new high output COB LED strip features LED points within close proximity to each other, creating a uniform light output with no spotting, perfect for illuminating handle-less kitchen designs.

The strip has a depth of only 1.7mm so is ideal for situating underneath a worktop, and is suitable for installation on all coloured handle-less profiles without the need for an aluminium extrusion. This LED strip also comes with VHB (Very High Bond) tape.

Technical Information	
Power Supply	12Vdc
Adhesive	VHB
Cable Length	1.5m at both ends
Guarantee	3 Years
Colour Appearance	Warm White Natural White
Colour Temperature	3000K-3500K, 4000K-4500K
Colour Rendering Index	>RA 90
Wattage	4W/m
