

THE TECHNICAL SPEC...	
Fitting Type	LED
Voltage	12Vdc
Colour Temperature	Warm White (3000—3500K) Natural White (4000—4500K) Cool White (6000-6500K)
Guarantee	3 Years
Wattage	9.2w Per Metre
Cable Length	2m (purchased separate)
Cut Marks	Every 25mm
IP Rating	IP65
Chip Size	3528
No of LED's	120 per metre

FEATURES

This high output LED strip is ideal for areas which need a bit more light output than usual, such as beneath a cabinet to illuminate the worktop.

The 2 pin micro plug connector system LED strip is compatible with our 12Vdc power converters, switching accessories and 4 zone remote system. The strip is self adhesive flexible and linkable to other LED strips to make longer runs if required. The last length of strip in any run can be cut, with cut marks every 25mm marked on the strip. The LED strip and the supply cables are conveniently shaped to eliminate the possibility of wrongly connecting the strip

Mounting in the aluminium extrusions ensures runs are kept straight & neat. The diffuser finishes off the clean look & provides further protection from dust & any water splashes. The aluminium extrusions can be cut to the size required. Distributor cable purchased separately.

Maximum length for one run = 10m

For bespoke plans or runs over 10m, please contact our technical department with your enquiry. 0113 2866686 or email tech@sycamoreled.com.co.uk

Part Numbers	Description	Image
SY8027WW, NW or CW	LED IP65 500mm Flexible Strip—Warm White/Natural White/Cool White	
SY8023WW, NW or CW	LED IP65 1m Flexible Strip—Warm White/Natural White/Cool White	
SY8024WW, NW or CW	LED IP65 2m Flexible Strip—Warm White/Natural White/Cool White	
SY8025WW, NW or CW	LED IP65 3m Flexible Strip—Warm White/Natural White/Cool White	
Accessories		
SY7758A	2M Distributor cable (from driver to first strip, (JST block to 2 pin) x 1	
SY7183	2M Extension Lead (to extend distributor cable)	
SY7954	2 Pin 100mm bridge/corner cable (strip to strip connection)	
SY7955	2 Pin 500mm bridge cable	
SY7956	2 Pin 1M bridge cable	
SY7957	2 Pin 2M bridge cable	
SY7958	2 Pin 5M bridge cable	
SY7959	2 Pin Y Splitter	
SY7960	2 Pin distributor cable pack with screws and 6 x U brackets	
Suitable Power Converters		
SY9739B	15W 12V LED Power Converter (Runs Max 1.5m)	
SY7350C	20W 12V LED Power Converter (Runs Max 2m)	
SY7715A	30W 12V LED Power Converter (Runs Max 3m)	
SY7351D	50W 12V LED Power Converter (Runs Max 5m)	

For bespoke plans or runs over 10m, please contact our technical department with your enquiry. 0113 2866686 or email tech@sycamoreled.com.co.uk
