IMPORTANT—Please read prior to installation

- 1) Please read these instructions carefully before commencing any work
- 2) It is strongly recommended that this unit is installed by a qualified electrician
- 3) To prevent electrocution, switch the power off at the mains supply before installing or maintaining this fitting
- 4) Ensure others cannot restore the electrical supply without your knowledge
- 5) **The PSU must be rated 24VDC and be compatible with the pre wired connector system of this product**
- 6) Never exceed the wattage stated.

INSTALLATION

- 1) Choose desired location for light and ensure cable can be connected to PSU
- 2) Screw light into position using screws provided and make sure they are fitted square to the cabinet/shelf
- 3) Connect into PSU using fast fit connector
- 4) Check operation of the light fitting
- 5) Select desired colour temperature by pressing the colour switch (fig1) - Cool white, Natural white or Warm White.

CARE IN USE

- Please note this fitting has non replaceable parts
- This light is not dimmable
- Always switch off or disconnect from the mains when cleaning the product.
- We recommend cleaning with a soft dry cloth. Do not use scourers, abrasives or chemical cleaners
