COB Tunable LED Strip

Tunable white enables the user to choose their desired colour temperature, from warm white (2700k) to natural white (4000k) to cool white (6000k) by simply using a hand held   remote control, the wall mounted controller, or from a smartphone or tablet using a free downloadable app. The receiver has Wi-Fi capabilities built in.
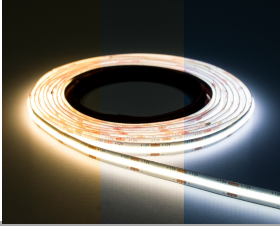

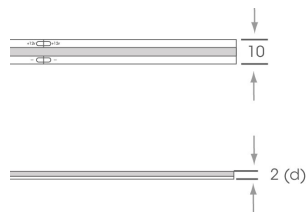

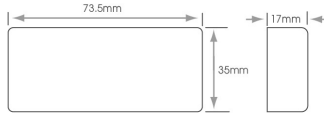

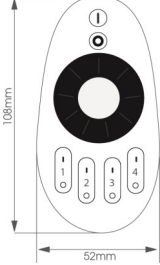

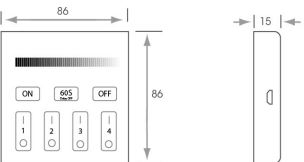

This product also utilises smooth dimming technology, so the unit can be set to totally suit customer requirements. Power converter, remote control & receiver, purchased separate.

This COB LED strip is supplied with very high bond (VHB) 3M tape. Please note the LED strip must be installed onto a clean, dry surface.

Various extrusions are available for our LED strip. Please visit our website or ask our sales team for details.

The Technical Spec....	
Fitting Type	LED
